

MARGARET RIVER

## Ray Jordan's 2010 WA Wine Guide

### **Clairault**

*One of the pioneering vineyards of Margaret River, Clairault has come a long way in the few years since Bill Martin bought the place. Outstanding range of distinctly elegant and stylish wines that have been recognised with considerable international success. All Clairault wines are made from 100 per cent estate-grown fruit from Margaret River. Restaurant is stunning.*

### **Semillon Sauvignon Blanc 2009**

**Score 92/100**

Love the vibrant crunchy mouth feel in this excellent blended white. The lemon zip of the Semillon threads in with the herbaceous tropical notes of the sauvignon blanc. Has a fine lip-smacking acidity that keeps that tightly wound palate to a long finish. A beauty. Cellar 4 years.

### **Cabernet Sauvignon 2007**

**Score 92/100**

Another superb cabernet from one of the most improved producers in the region. Leafy tobacco aromas with some nice blackcurrant influences completing the bouquet. The palate has seamless structure with silky fine tannins, fine grained oak and lavishly textured fruit. It's a complete wine with a strong future. Cellar 6 years.

### **ESTATE Chardonnay 2007**

**Score 93/100**

A fine structured intensely flavoured chardonnay brimming with lively tropical fruits and lifted citrus characters. The lively cashew and fresh crème Broulee is compelling. The palate has a tidy tightness that is controlled with excellent oak treatment and fine lingering acid. Will continue to improve in the bottle. Cellar 5 years.
