

# Sydney triumph for WA wine

Clairault Semillon Sauvignon Blanc 2006 RRP \$22

“This excellent wine scored a major triumph this year when it won a trophy at the Sydney International, a competition that not only looks at the wines quality but also how it matches with food. There’s some pretty stiff competition from around Australia and New Zealand so this is quite a coup. Clairault has been around in Margaret River for more than 20 years, but its acquisition by businessman Bill Martin enabled plenty of cash to be poured into the place and the results have been impressive. Coupled with that has been the arrival of former Vasse Felix winemaker Will Shields who has refined and improved the wine in recent years. This wine is a beauty from what was an exceptionally cool vintage. The addition of the steely resolve of Semillon adds some spine that makes for a more complete, compelling wine. There’s plenty of flavour with the lean zippiness of semillon supplemented by the subtle tropical fruits of sauvignon blanc and all sustained to a long finish. Fine crisp acid adds a closing lift.”
